GREATEST AMATEUR CIRCUS ON EARTH 40th ANNIV.

Each mid-July approximately 250 young people, ages 7 to 21, supported by a tremendous number of adult volunteers, present 11 performances in an eight-day period. Also participating are kiddie, junior and adult clowns, and a 50 piece circus band playing traditional and modern selections. Putting on a two and a half hour show filled with beautiful costumes, skilled circus acts, clowns and three rings of non stop entertainment, it's hard to believe that it is all amateurs.

Peru, Indiana has a rich circus heritage dating back to 1884 when Ben Wallace, owner of a livery stable, acquired a circus due to non-payment for the boarding of animals. He took the show out on the road and later bought other shows including the Haganbeck Circus, thus starting the great Haganbeck Wallace Circus. Wallace bought 500 acres of land on the Wabash and Mississinewa Rivers that are located only three miles outside Peru and built a little city of his own. Housing, dining hall, electric and water plants, barns, stables, and training rings. Hundreds would go out on the weekends to watch the trainers working with the animals. Wallace sold his circus after 1913 to Ballard, Talbot and Cory. In 1914 the American Circus Corp. was formed and five of the largest circuses were working out of Peru. The circuses would march through town to the railroad siding to load up and start out. The winter quarters were used by circuses such as Sells-Floto and John Robinson Shows. Due to an agreement going bad to show at Madison Square Gardens, the American Circus Corp. was bought by Ringling Brothers. In October of 1929 the depression hit and business became so bad that Ringling started to shut down the circuses. The small city outside Peru was sold and in 1940 was closed. In 1960 a festival committee called on the professional performers who had retired their to help train young people to put on a circus. Among the trainers were Terrell Jacobs, Clyde Beatty and Emmett Kelly. It was an event that had the whole town helping to put it together. The objective of the Circus City Festival is the reawakening of the rich circus heritage found in its history and people. They have shared the thrill of their circus with every major city in Indiana and to surrounding states.

The festival also features a giant Mid-Way that goes through the center of town that closes off four streets lined with food booths, arts & crafts, rides and games. On the final Saturday, Peru's own circus parade, one of Indiana's largest, steps off attracting many thousands of viewers. Authentic horse drawn Circus wagons, clowns with candy and circus animals fill the long procession.

The CCFI issued a souvenir wooden nickel last year that they sell at their circus building and circus museum. Limited amount on hand for sale at 50 cents each plus an SASE. Send your request to the editor at the address noted at top of page.

PRESIDENT'S SAY The New Year came and the Y2K Bug didn't bite to many people. Can't say that for the Flu Bug. I hope that if you had it like Mary and I you have recovered and enjoying the Millennium Year. I can't recall if I have said Thank You to the people who deserve the credit for their help in making the club an active organization of wooden money collectors. To Robbin Quinn, Clint List, Virginia & Wayne Dennis, Bill Snider, Floyd Thomas, Ken Paulson and Bob Fritsch, Please give them a big hand. I would also like to thank two other gentlemen for their generous contributions to the club. First there is Al Nystrom who donated over 1200 woods from 27 states that were auctioned at the convention in Chicago bringing a sizeable fund for our treasury. The second person is Bob Leberman who has presented me with over 7000 woods to be used in mail bids with all funds going to the club. I have not put these into lots for mail bids as of yet but they will be included in future sales. I mailed some of the woods to Clint List for inclusion in mail bids run by him for the club. Bob gave me these woods just before Chicago and it was too late to be included in the August auction and mail bid. Future lots will be by states and will consist of 15 to 20 pieces/lot.

In 8 months the 109th ANA Convention will be held in Philadelphia, Pa. at the Pennsylvania Convention Center, 1201 Arch Street. Mark August 9-13, 2000 on your calendar and plan on attending. If you are a member of the ANA the club could use your help at the Club Midway table. Again the tables are being given to the clubs free of charge. As I have said before I believe this is one way to recruit new members or at least make people think about the hobby of wooden money collecting. I will need your name and your ANA membership number if you are willing to be a part of this function.

Virginia Dennis has again Graciously accepted the responsibility of being auction chairman for the convention. She will be calling for donations to the auction and mailbid. The sooner you can send your donation to Virginia the easier it will make her job. Mail to Virginia Dennis, 1852 Golden Shadow Dr., Henderson, NV. 89015-8620.

I would like to pay tribute to the gentleman who got me started collecting wood many years ago. I first met Al Nystrom in 1978 while attending a coin show in Seattle. We talked about wood collecting for a few years and in 1983 I joined IOWMC at the ANA Convention held in San Diego, Ca. I have been an active seeker of Northwest Wooden Money since. All this comes down to the fact that Al Nystrom is celebrating his 91st birthday and I would like to offer my congratulations. **HAPPY BIRTHDAY AL**, and here is my wish that you enjoy many, many more. 'Til next time. *Del Cushing*

Well wishes & notes needed

Just a note to let you know that a former IOWMC and PWMS member is now in a nursing home. Her name is Sare I. Elliott and she is in the Colonial Pines Golden Age Home, 120 Willow Road, Harrisburg, PA 17109. You might take the time to send her a card. (From Bob Brown R-1731)

PLEASE PUBLISH THIS CORRECTION- On page 67 of the December issue of Bunyan's Chips it was not mentioned that there are two colors for the printing of Jerry Remick's Christmas woods showing packages: 50 show red gifts and 50 show blue gifts. Merry Christmas and 1999 are in the colors of the gifts on the wooden flats. Jerry Remick R-1476

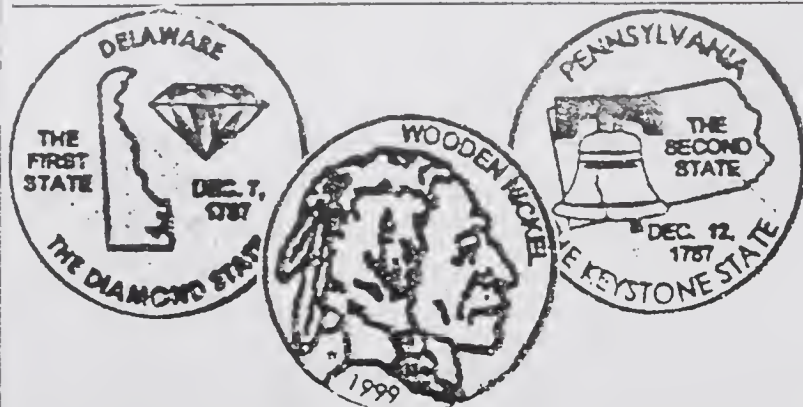

APPEAL FOR HELP FROM THE MEMBERSHIP to send me a listing of any wood issues you have from Massachusetts as was outlined by Del Cushing in the December issue of Bunyan's Chips. It should include anything and everything that is official, semi-official, good fors, advertising, etc. and even the measurements for everything other than standard wood sizes. I don't have the proper facilities to do what might be considered as a professional job but I sure would like to be able to compile a listing of all known Mass. wood issues. As a charter member I've been around (mostly in the back ground) since the IOWMC was founded. I've been a collector for about 35 years. I don't have a great deal for trade but do have some- mostly Mass. issues of wooden nickels, medals, collectors plates, NENA medals, elongated coins and the 115 issue Royal International Gold Stamp FDC collection. I'm looking to sell or trade so send for a list of what you might be interested in. There are 351 cities or towns in Massachusetts and I'm trying to get at least one wooden nickel, medal or token from each. So far I have something from 248 cities or towns currently. If you have something for sale or trade from Massachusetts please send me a list! Material requested should be sent to: Gerard Braithwaite, 138 Lakeview Ave., Falmouth, MA 02540-2832

1951 Falmouth, MA. Strawberry Festival Issue

In 1951 there were three sets of seven oblongs (flats) per set put out for the Falmouth, MA Strawberry Festival. Each piece had a letter so that each set spelled out C-A-P-E C-O-D. Sets were printed in red, green and black. Of these I've never had or even seen the three different letter D's. I believe Tom Hudson and George Parfet had them in their collections. Does anyone else have them or know anything about these issues? Contact Gerard Braithwaite, 138 Lakeview Ave., Falmouth, MA 02540-2832

Cataloging of known wood issues requires a great deal of ones time and all gain in the knowledge of the wood issues once the work is published. For these efforts to be worth while means that all must help where they can. Take some time to see if you have issues for who is willing to take on this project and send the information to them. Think where we would be if not for the 7th and 8th edition on wooden money that we all use today in our hobby. If any other members would like to do some cataloging on known wood issues, please contact the club President or the club editor and we will lend a hand where we can. (Editor)

Rodeo woods & Festivals are part of my collecting and I would like to know what I am searching for. I would like to ask the membership to send a listing of what they have in their collections so that I might better see if this is a collection worth spending the next 20 years or so putting together. Send your list to: Robbin Quinn, 5295 Beechwood Road, Ravenna, OH 44266-9119

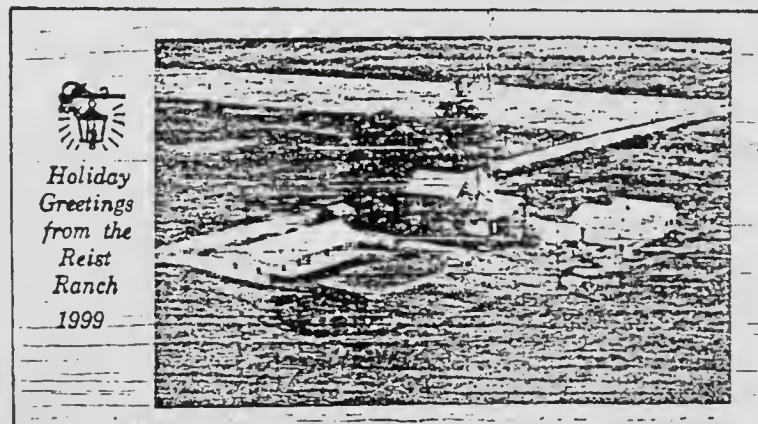

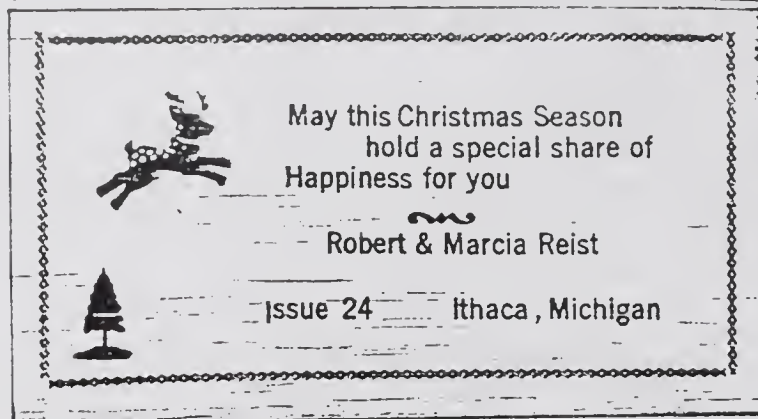

This is the first issues of the 50 state set of woods that Barry Healey will be printing for collectors that would like to put in their collections. All wood issues will have the year of issue printed on them and be limited to 500 pieces. These woods are hand stamped as orders are received. As the series progresses, a production record will be made available to collectors. Collectors may order by sending 75 cents and a self-addressed stamped envelope to: Barry Healey, P O Box 1772, Forney, TX 75126

Know of a wood that was issued in or near your area? Send in the issue or a clean copy and have it put into your news letter for others to know about. Wood need not be for sale but as a matter of record so that members know that it is out there to go into their collections by other means. Editor

Note to our newest collectors in IOWMC. When you send for woods that you find ads for here in Bunyan's Chips, always ask if past wood issues are on hand for sale. Many sources for wood issues stop printing them because they are unable to sell off woods they have printed up and this only hurts our hobby.

FROM THE EDITOR'S DESK

The year 2000 is now at hand and for many of us it will make a big change in our collecting. Woods going from the 1900's to 2000. While we are still trying to find the missing woods for what we collect, we now have a chance to put together a good collection of woods from the 2000's. Let's hope that the printing of new issues will be a greater number than in the past years.

I'm working on a couple of projects that I hope will bring in wood related articles if not some sale ads as well. I plan to keep working on improvements in Bunyan's Chips thru 2000 and hope that the club members will support me as they have in the past. I look forward to the job as your editor and ask

that you keep the material coming in for Chips. You will only receive what is in the news letter by helping to put it there. Use your club and that of its officers, that is what they are here for. *Rob Quinn*

PRESIDENT'S SAY: The annual convention is fast approaching once again. The Board Meeting for IOWMC is scheduled for Thursday, August 10, 2000, Room 107A at 11:00 A.M. in the Pennsylvania Convention Center. The General Meeting is on Friday, August 11, 2000, Room 106B at 10:00 A.M. Both meetings are open to all the members so plan on attending.

There are a block of rooms reserved for IOWMC at the Motel 6, Airport-Essington, 43 Industrial Hwy, Essington, Pa. Cost/night is \$64.79 tax included for Sunday thru Thursday for 2 people. Friday & Saturday nights are \$71.27 tax included for 2 people and the rooms are to be non-smoking. The phone number of the motel is (610) 621-6650. Be sure and specify you are with "IOWMC". The following are the driving directions to the motel.

"From I-95 take Exit 9a South to traffic signal. Turn left on Rt. 291, go 1/4 mile, behind Denny's. I have been told there is a train which runs into town but I do not have any more information than that. I do know there will be members who will have cars and so we can carpool to the convention center most of the time. Atlantic City is not far from Philadelphia for those who wish to try their luck at making a small fortune out of a big one.

In recent weeks I have had letters from members regarding the purchase of wooden nickels from a company in Texas called Communicate-It-Ink and most recently Ideas Unlimited. Litigation problems regarding these companies has not produced the results that our members are used to in the purchase and delivery of wooden money. I must caution our members to contact the company(s) before committing monetary payment in the future. I have purchased wooden money from the former company and was pleased with the results. I have not ordered any from Ideas Unlimited and can not comment on the workmanship or delivery. I would like to hear from members who are still having trouble contacting the companies regarding the delivery of their orders and whether they have had satisfactory resolution of the problem.

A reminder that Virginia Dennis is our Auction and Mail Bid Chairman for the convention again and can use your donations. Please mail to: Virginia Dennis, 1852 Golden Shadow Dr., Henderson, Nv. 89015-8620. Don't wait till the last minute to mail it to Virginia. Till next time. *Del Cushing*

FROM THE EDITOR'S DESK

The second issue of Bunyan's Chips is now behind me and I'm starting on the third I'm in need of material to keep the news letter from being a news flyer. Send in your buy-sell-trade ads, articles about wood issues new & old and anything that pertains to the hobby. The projects that I made note of in the January issue are starting to pay off. This will be an on going project into the summer months and I hope that the effort will be worth while. The article below is but one from the many mailings that I have sent out and followed up on these past three months.

DID YOU KNOW?

The 8th edition Guide Book of Wooden Money lists 5 wooden nickels issued for a festival that was held in Rochester, Indiana. These being for 1971, 1973, 1974, 1975 and 1985. Starting in 1971, a festival was held in Fulton County called the "Round Barn Festival" to acknowledge the fifteen round barns that were located there. Each issue pictures one of these round barns. Due to tornadoes and fires there are only eight round barns remaining in Fulton County today. The Paxton round barn depicted on the 1978 wood issue was damaged by a tornado in 1989 and donated to the Fulton County Historical Society, who moved in and restored it. Today it is the Round Barn Museum and among the items cataloged are the 12 known wooden nickels that were issued during the Round Barn Festival. It is unknown as to why there were only 12 woods issued for a festival that had 15 round barns, but you can be sure that the tornadoes & fires might have had something to do with the missing festival issues. The museum also has a sample of the 1953 Centennial from Rochester, the Kewanna Centennial issue for 1971, Akron's 150th held in 1986 and an undated issue from the Farmers Merchants Bank. In 1989, the Fulton County Historical Society issued their own wooden nickel which was sold to visitors to the museum. All issues from the Round Barn Festival and the the museum are in the publics hands now.

The 8th edition Guide Book of Wooden Money mentioned in the above article is for sale by Wayne Dennis. Copies sell for \$18.30 which covers the cost of postage. Send your order to: Wayne Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015-8620

MANTUA OHIO POTATO FESTIVAL

In 1999 Mantua, Ohio, held their 26th annual Potato Festival. Predating back to the Civil War it was then known as the "Potato Show". In 1938, the parent of the Potato Festival of today was born. A group of Village merchants and professional businessmen at the town hall created the "Potato Show". This show was more a country fair than a festival, putting emphasis on potato production. Country agents and state agricultural experts were on hand to answer questions and give advice. About 100 farmers were in attendance that displayed potatoes and related wares. The top prize was \$10.00 for the Best Exhibit of the show, and other prizes ranged from Fifty cents to \$3.00. The Mother's Club served a potato dinner at each show. Cost for the dinner was Forty cents for adults and Twenty cents for small children. At that time a ten pound bag of potatoes would cost you Nineteen cents!

During World War Two, the Potato Show was put in the vegetable bin and started up again as the Mantua Potato Festival in 1974. Held the weekend after Labor Day, it is now a three day festival. Back in the 70's a wooden nickel was printed up by a local from Mantua. Check your collections to see if you have the issue. Editor

ONE FOR THE RECORD BOOKS

On May 8th 1998 Geary, OK, issued a wooden nickel for their Centennial. Wood is printed in black ink on both sides. These were handed out to folks that were on hand during the celebration so no woods are now available to offer collectors.

Rare set of four wooden nickels from the 1939 premiere in Atlanta, GA. Released by the Atlanta Junior Chamber of Commerce. The four oblongs pictured below(Gone With The Wind)were sent in by Fred Gates. Fred found these being offered on ebay. For members who are not on the internet, this is a sight where you can place items for auction to sell. These flats started out at \$49.99 and closed with a selling price of \$455.00. Thanks Fred!

Benjamin Tappan Jr.

1773-1875

Bicentennial Honoree

Benjamin Tappan arrived in Portage County June 11, 1799. He is responsible for laying out the town of Ravenna, donating land for a township park, a cemetery, schools and churches. As Ravenna's founding father, he also was responsible for selecting the name of the town. Named after the town of Ravenna, Italy. Benjamin Tappan had not been to Italy but liked the name Ravenna.

A well-educated man, he was primarily a lawyer serving as Portage County Prosecutor. After leaving the Ravenna area he also served as a Judge of the Fifth Circuit Court of Common Pleas and as a Federal District Judge. He served in both the state and U.S. Senates, was a member of the Ohio Canal Commission and was a Democratic Presidential Elector Supporting Andrew Jackson and Martin Van Buren. He was involved in the initial establishment of the Ohio Historical Society and while a member of the U.S. Senate, he was instrumental in the establishment of the Smithsonian Institute when the legislature was debating its beginning.

UNKNOWN OFFICIAL WOOD IS ISSUED!

A wooden nickel was issued for Ravenna's bicentennial celebration held in the summer of 1999. These are printed in black ink on both sides. The obverse shows the likeness of the Founding Father "Benjamin Tappan Jr. . The reverse lists the City, State and Bicentennial date. A limited number of these woods are on hand to sell to IOWMC club members. Woods are 50 cents each with an SASE. All sales of these woods will be turned over to the club treasurer as a donation to IOWMC. Send your orders to: Rob Quinn, 5295 Beechwood Road, Ravenna, Oh. 44266-9119 (Woods will be placed between thin cardboard to help protect them in mailing. This requires postage to be 46 cents due to the thickness of the envelope).

IOWMC's 2000 BENEFIT & RAFFLE DRAWING

Time is approaching fast for all of us to be thinking about IOWMC's benefit and raffle drawing. Pres. Del Cushing has asked us if we would conduct this well worth drawing again for this year 2000. This year the annual meeting will be held in Philadelphia, PA this coming August. We would appreciate it greatly if you all will be thinking of what contribution you are able to give towards our fund raising project. More on this will be in a later edition of Bunyan's Chips. Wayne & Virginia Dennis 1852

Golden Shadow Dr. Henderson, NV 89015-8620

I took possession of a copy of Bob Leberman's new Illustrated Montana State Wooden Money catalog. Again Bob has done a fine job of researching the material he has included along with illustrations of all known woods. This valuable catalog (If you collect Montana) can be ordered from Bob at the following address. Robert Leberman, P.O.Box 1758, Airway Heights, Wa. 99001. Cost of the catalog is \$35.00 + postage. Speaking of catalogs, I received the first drafts of the Alaska Wooden Money from Dave Philips of Port Alberni, B.C. the other day for editing of info I sent. Bill Snider, Al Nystrom & Bob Leberman are also contributors and have probably received their copies for editing. Dave indicated that there were three other people he is corresponding with regarding Alaska Wooden Money. If you have some Alaska wooden nickels that you would be willing to Xerox and send to Dave for inclusion in a new book, you will find his address in the December, 1999 news letter. Helping with this kind of information helps to strengthen the hobby and gives new collectors a better idea of what is collectible and can help them decide what they would like to collect. Since August there have been 21 new members joining the IOWMC and I have no idea what they would like to collect. Do You? I think we will have to change the application form to include a space to list what a person's collecting interest is. That way members can correspond with other collectors with the same collecting area of interest. Have you made your reservations yet? Don't forget to say you are with IOWMC. Till next time *Del Cushing*

NOTICE

The February treasurer's report will not be in the next issue of Bunyan's Chips. Virginia and I are leaving on a short trip to South Texas and will not return before the middle of March.

TIP TO LOCATE WOOD ISSUES

To find wood issues from your town or state you might try contacting coin dealers, printing shops, specialty shops and mailing out letters to area Chambers or Historical Societies. Often these types of contacts will give you more leads to follow up on and involve more mailings, but you will then have more people helping you in your search and improve your chances of locating woods your not only trying to find, but you may come across woods that are also unknown to fellow collectors too!

Your local library has a listing of all Chamber of Commerce addresses and that of Historical Societies. It is the time and effort one puts into their hobby that they will come to know more about the hobby and the people that are part of that hobby as well.

PRESIDENT'S SAY

I hope with this writing that those members who ordered the Stites, Idaho Centennial wood issue now have them in hand. I received a letter requesting my help which I sent to Brett Lyons in Grangeville, Idaho. Brett promptly drove to Stites and talked with the people responsible for the distribution of the wood. He helped to package the material and get it mailed out. So for those members who seemed to wait forever for the wood maybe even gave up on getting them, you owe Brett Lyons a big thank you for his effort. I know that I have thanked Brett for his efforts on my behalf.

Have you made reservations for the convention in Philadelphia yet? Remember to state that you are with IOWMC. I look forward to meeting some members who have not traveled to the other conventions. I am told that there are a lot of wooden money collectors in that area, so the meeting should be a lively one. Virginia Dennis will have a number of lots for the auction & mail bid. May be a chance to fill in some holes in your collection! If you have material to donate to the auction and mail bid, please send it to Virginia early as possible so that she can get it listed for Bunyan's Chips.

That's it for this time *Del Cushing*

DO YOU REMEMBER THIS WOOD?

Remember this one? The above wood was handed to me in Chicago and asked if I would explain it. Also a request was made for me to write a short article to explain why I had issued the wood. It had slipped my mind, as well as my typist, until today when we saw the wood on my work desk. The piece was issued in 1965, while living in California. The reason for its issue goes like this. One of the U.S. Senators from the State of Nevada in 1965 was Allan Bible. During a session of Congress he (Allan Bible) introduced a Bill S-2012 (to make a long story short) was to make it unlawful to collect coins. Before the ink was dry on that Bill, he introduced another Bill S-2036, which was to make it unlawful to put your coins up as collateral, after you had collected them.

I didn't agree with these two Bills, so I had Louis Berkie, owner of Elbee's Manufacturing Company in San Antonio, Texas, to make up 300 pieces for me (all Indian). After I received my order of woods, I mailed each Senator the wood, and asked each of them to do exactly what the printing on the wood stated. Now we all know the outcome. Both Bills were defeated. We had invested quite a lot of money in coins by that time and didn't want any Senator telling me what I could or couldn't do with them. I guess I was fighting mad and that is why I used the words "fight for" instead of "lobby for". For those of you who have one, Congratulations! For those of you who don't, I'm sorry there are no more. Mailing each Senator one didn't leave many for the collectors. Submitted by: M. Wayne Dennis

If you know of a story behind a wood issue that our club members might be holding in their collections, send in material for an article in Bunyan's Chips. I accept hand written as well as typed material to be used in our publication. I will be more than happy to put together an article for the story and show it as being submitted from the member who sent it in to me. ~ Editor ~

IOWMC'S 2000 BENEFIT & RAFFLE DRAWINGARE YOU THINKING WHAT YOU CAN CONTRIBUTE TO OUR UPCOMING BENEFIT & RAFFLE DRAWING?

Reva Kline is the first member who has sent some woods to be used in this well worth project of IOWMC. Her package was awaiting us upon our return from the short vacation we took to South Texas. We thank you Reva.

On our return trip home, we spent a day and half visiting with Herb Hornung, owner of Old Time Wooden Nickel Company in San Antonio, TX. Was able to pick up a few new wood issues and a few older ones, which we will have in the auction.

## PRESIDENT'S SAY

"I GOOFED" and I am sorry if you phoned the number I gave for the hotel in Philly. I got one of the numbers wrong in my message. The correct number should be (610) 521-6650 and I would advise you to make reservations as soon as possible. The Republican National Convention is the week prior to this making it difficult to come in early to see the sites. Maybe you can stay after the convention to see what Philadelphia in regard to the writing of our Declaration of Independence, the Liberty Bell and much more. It is all there in Philly for the person who wishes to take the time to see it. I have never been to Philadelphia and I am looking forward to seeing the city and meeting with some of the collectors from that area.

Recently I was given several copies of Bunyan's Chips from the early "70's" with articles about wood issues. I am enjoying reading these articles and about what was going on in that era. I will be sending some of this on to Robbin Quinn for him to select articles on past history of the club and wood issues. I know that I have several woods in my possession which I wish I had more information on as to why it was, and by whom it was issued. There are several articles about Tenino wood issues in these older news letters of which I am going to keep copies of for my information and send on to the South Thurston County Historical Society. Till next time *Del Cushing*

**Editor's Note-** The block of rooms reserved for the ANA in Philadelphia will be found under the name of Del Cushing. Request these rooms when you call for reservations !

Its time to start thinking what we all can do to help our organization in raising money to offset the ever increasing cost we are encountering to operate and in having a monthly newsletter. As your Chair person, I am calling upon the membership to help support this well-worth project. I am making an appeal for contributions for any material you can supply for this project. Your past cooperation and support has been appreciated, and I know that you can be counted upon again. When sending in your contributions, please designate if you want it used as a door prize or if it should be an auction item. I have received some donations but much more is needed. As a suggestion, one year free dues is always a welcome prize. Enclosed with this month's newsletter, you will find a self-addressed envelope with a few tickets for our fund raising project. Tickets are only 50 cents each: and it is hoped you will purchase them all. Don't forget to write your name and address on the stubs. Return the ticket stubs, along with the money, in the envelope provided for your convenience.

Additional tickets are available. The more tickets you purchase, the more successful this project will be. IOWMC holds its annual meeting in conjunction with the ANA. This year's convention is being held in Philadelphia, PA. Aug. 10-14th. It is very important that you return your ticket stubs, money and donations as soon as possible. Send to: Virginia Dennis, 1852 Golden Shadow Dr., Henderson, NV 89015-8620

## THE PIONEER FLORIDA MUSEUM ASSOCIATION INC.

The Pioneer Florida Museum Association was chartered by the State of Florida on April 30, 1961. The gift of early Pioneer farm equip. to the Pasco County Fair association was the incentive for forming the museum assoc. with gifts of time, talent, land, donations of material for the museum and money to fund the operation, have enabled the museum to grow and flourish.

The Museum is located on a 20 acre wooded hillside and has seven main buildings with several smaller outbuildings. Five of the buildings are historically significant and were moved from surrounding Pasco County communities to the museum grounds. These are:

The Lacoochee School (circa 1930), restored and furnished to represent the pioneer one-room school house.

The John Overstreet House (circa mid-1860's). A two-story farm dwelling constructed of native heart pine. A typical pioneer era facility complete with dog-trot connecting it to the kitchen and with appropriate furnishings.

The Trilby Depot built in 1896 and a 1913 Porter Steam Engine were previously located in the nearby town of Trilby, once the third largest railroad in Florida. The steam engine was used for 50 years by the Cummer Cypress Co. to haul logs to its sawmill in Lacoochee.

The Enterprise Methodist Church was built in 1878. The original structure, built by local residents, was replaced by a new building in 1903 at an estimated cost of \$500.00. In 1977, the church was moved to the museum grounds to be preserved as an example of rural Florida church architecture.

The Jack Bromley Shoe Repair Shop was brought from Kansas to downtown Dade City in 1913 and operated by him for many years. It was later moved to the Pasadena Road home of his son, Fred, and in 1992 was brought to the museum as a gift from the Later's widow and their daughters.

Bromley Shoe Shop

The two newer buildings are the Main Museum Building (1975) and the Mabel Jordan Barn. The main building houses a variety of collections. The Jordan Barn houses the collections of early farm equipment, the vintage buggies and carriages. Annually the museum sponsors a number of events and activities, one such is the "Pioneer Florida Day" held on Labor Day with music, crafts, storytelling, demonstrations of the "old days" historical presentations and "cracker" food. The museum hands out wooden nickels daily to visitors that pass through their doors. There are no records as to the woods that they have issued, so it is unknown as to how many different wood issues they have made over the years. I have three different types in my collection.

INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS

**PRESIDENT'S SAY:** The convention is only six weeks from the time this newsletter reaches you. There is still time to make plans on attending the general meeting. I have received conformation from ANA that the club has a table (#1247) on the Midway in Philadelphia. As per usual, there is a need for people to man the table and talk to potential collectors and explain why they should be a part of the hobby.

Seems that the block of rooms at the Motel 6 is listed under Del Cushing rather than IOWMC. I don't know why but it is to late to try and get it straightened out, so just mention both names when trying to make reservations. If you have misplaced the phone number here it is again: (610) 521-6650.

Next year we will be electing new officers to carry out the necessary functions of the club. As I have served two terms as President I will not be running for that position as per the constitution. It is time for you the membership to start thinking about who you would like to see in the administration of club duties. Approach good people and ask them to consider running for office as all positions are open for candidates. There are many committees which are not functioning at present for lack of people to accept appointment and help out. This club like all other organizations require personnel to take enough interest to make it work properly. Bring the name of your candidates to the general meeting in Philadelphia OR better yet bring the candidate. The greatest concentration of members in IOWMC live within a few hours of Philadelphia and I hope they take the time to attend the convention and our meeting.

Till next time. *Del Cushing*

Last month I mailed out the club raffle tickets along with the Presidents wood issue. Members who may have received their wood damaged in mailing may request another through the editor for a short time. I will be mailing the supply of woods to our club wood chair person at the end of next month! I purchased a new computer system from Gateway a month ago and had hoped to be using it for this months newsletter. I've some bugs to work out and should be up and running for the July issue of Bunyan's Chips. Don't forget that there will be no issue for August as I will be at the ANA and it is the one month that I take a break from the newsletter deadline. *Rob Quinn*-editor

## A DAIRY QUEEN UPDATE by Bob Brown

The three of the four tokens shown below were not in my book "A PICTURE GUIDE BOOK OF THE DAIRY QUEEN WOODEN TOKENS". The copies of these four tokens were sent to me recently by Melvin Reiter of East Lansing, MI. The two tokens with the Indians on them are in black while the other two are the traditional Dairy Queen red. The Bedford issue is listed and comes from Ohio. If anyone has any of the unlisted token issues I would be happy to buy or trade for them. Anyone who has any Dairy Queen tokens not listed in my picture guide book, I would appreciate receiving good clear copies of them, or the tokens themselves, so that I can include them when, and if, I put out a supplement to my book or a second edition. All contributors will have their name listed acknowledging their contribution. Send any information to me at P. O. Box 124, Highspire, PA 17034

## The Whiskey Row Fire

The 2000 wooden dollar that announces the Prescott, Arizona, Coin Club's 26th annual coin, stamp, and collectibles show held on June 16-18, 2000, also commemorates the 100th anniversary of Prescott's historic Whiskey Row Fire on July 14, 1900, that almost totally destroyed the small mining town's business district. The obverse, printed in black, provides information about the show; and the reverse, printed in red, depicts a scene of the fire.

The four-hour fire started in a lodging house, next door to the newly built Scopel Hotel on the southwest corner of Montezuma and Goodwin (just "kitty corner" from the courthouse plaza), and quickly spread to the hotel. At this point, the fire could have easily been stopped if water had been available. Unfortunately, Prescott had no water because the water supply at that time was from a well about a block south, and the pumping plant was being overhauled and repaired, with the engine disconnected. In addition, the wells that had been dug on the four corners of the plaza for just such a contingency after a disastrous fire destroyed most of Montezuma Street on July 4, 1883, had been completely emptied so that the water could be used on new summer gardens. A second option that might have worked was to use some of the mining town's abundance of blasting powder on the Scopel Hotel. However, "authorities" refused to allow it, and the beautiful new brick hotel soon became a roaring inferno. The owners of the businesses immediately across the fifty feet of Goodwin Street from the fire were sure that the fire could not possibly "jump" that distance; but it did and quickly swept north up Montezuma Street, which formed the western boundary of the courthouse plaza and was known as "Whiskey Row" because of the nature of the majority of businesses

located in that one long block. At the next corner was the Burke Hotel, which was built when the Diana Hotel was destroyed in the fire of 1883 and which advertised itself as "the only fire-proof hotel in Arizona". However, the Burke quickly succumbed to the flames, which then turned east, destroying the businesses along Gurley Street, which ran along the north side of the courthouse square. One building that burned down on Gurley Street was serving as the temporary headquarters of the Bank of Arizona while its new building was under construction. However, the safe survived, with its contents described as "warm but negotiable". At the next corner, the flames again headed north, this time up Cortez Street, destroying most of the buildings along that two block stretch. By that time, fortunately, the wind had died down, and the slowing flames were finally put out, thus sparing the Santa Fe Railroad Depot from which all the records and valuable papers had been removed.

Back on Montezuma Street, even before the flames had died down, a lively business had started across the street on the courthouse plaza because as much liquor as possible had been saved and moved there from the eleven saloons or liquor dispensers that had been destroyed by the fire--and at least three saloons had even managed to remove their pianos. (The local legend is that the patrons of the Palace Saloon carried the bar from the saloon across the street to the plaza and continued to drink there, and that is the scene that is depicted on the wood dollar.) The next day the Board of Supervisors met and granted to the establishments official space on the plaza, each across from its former burned one; and tents and pine shacks were doing a brisk business. Despite the almost complete destruction of the business district, the "Great Fire of 1900" could almost be considered a friendly fire. No one died or was badly burned, and Prescott emerged a more beautiful city as the rebuilding, which started almost immediately, was done in brick and stone instead of wood.

This information is from an article by Richard Gorby which appeared in the July 12, 1998, issue of the Daily Courier. Prescott's local newspaper. The wooden dollars shown below can be obtained for 25 cents plus an SASE from: Sandra Wolf, P. O. Box 233, Dewey, AZ 86327

### GOSCHENHOPPEN FOLK FESTIVAL

The festival's first wood issue started in 1967, with a known issue for every year until 1990. I'm looking for tips from the membership to locate these issues, and information from the members about the festival that was held for an article in Chip's. If you have woods to sell, or information as to the festival, please contact the editor by using the address at the top front page of the newsletter!

### BRAWLEY CATTLE CALL & RODEO

Dennis. There are 13 additional issues that make up the complete set for this issue. All are in blue ink.

### BRAWLEY CATTLE CALL & RODEO Cont.

There is known to be another issue that goes with the 13 piece issue to make it a more complete set. This issue has the Chamber of Commerce printing going directly over the obverse printing, which leaves the reverse side blank. More of an error issue than a collector's issue, but it is out there none the less. Information courtesy of Bob Brown

Al Schubert furnished a listing of the wood issues from the Coin Club of Greater New Bedford. This is a set that he is currently working to complete. Listed below are part of the issues. Each month they will be listed until the list is completed for collector's wood records. Thanks Al!

## PRESIDENT'S SAY

The convention in Philadelphia was a huge success from all that I witnessed. Attendance at the convention topped 20,000 visitors and a large part of that were juniors being exposed to the hobby probably for the first time. The U.S. Quarter program has been a giant boost to the numismatic hobby. Those manning our table at the convention had the opportunity to present the pleasures of collecting wooden money to many young people. Many had never heard of our collecting interest before. I can't say they will become members in the near future but at least they and their parents know that we exist.

### CONGRATULATIONS ARE IN ORDER FOR

TED WOLVERTON: MEMBERSHIP AWARD FOR RECRUITING 23 NEW MEMBERS

ROBBIN QUINN: THE WALTER SCOTT LITERARY AWARD FOR A SERIES OF ARTICLES

GORDON DONNELL: THE DON MAJOR AWARD FOR HIS EXHIBIT OF WOODEN MONEY

Those members who stayed at the Motel 6 were able to do some trading in Bob Brown's room. I know I was able to pick up several Dairy Queen's, Sambo's and officials which I needed for my collection. Clint List, Floyd Thomas, Robbin Quinn, Bill Snider, Al Nystrom, Ted Wolverton, Russ Daisley and Virginia & Waune Qennis were filling some of their needs as well. The trading, selling and buying sessions were the hi-lite of the stay in Essington. This is my last year as your President because I can't run again. It is time for a new leader to guide the club and time for other officers to help the chosen President. I have appointed Virginia Dennis to be the Nominating Chairperson for the 2001 elections. It is up to the membership to find individuals who are willing to serve in the capacity to which they are elected. Please don't nominate someone without getting their permission first. We do not need the expense of sending out exception forms to nominees who aren't interested. All of your correspondence should be directed to Virginia Dennis. I have appointed a committee, headed by Wayne Dennis, to begin the process of updating and correcting the "Guide Book of Wooden Money". Wayne did a monumental job when producing the book which all of us use in collecting Official and Semi-Official wood. Yet there is information which needs to be corrected and added. I'm certain that anyone who has used the book for their particular area of interest has found items which need to be added or corrected. Additional information to define certain pieces may be needed. We would like to begin this updating ONLY with pieces which are issued by Chambers of Commerce or Civic Organizations. At this time we are not looking for private issues as that would be outside the scope of what we are trying to accomplish. If you have pieces not listed or listed incorrectly, then you should contact one of the members on the committee. You can contact any committeeman with information as they will share the information with each other and decide what action should be taken. I urge all members to become involved in this endeavor as it is an area which helps the hobby. If you are not sure whether the pieces you have fall under these guide lines, send the information anyway and let the committee sort it out and decide. It is better to have too much info than not enough. The next convention will be in Atlanta, Ga., August, 2001. This year we had a good turnout of East Coast residents and maybe next year there will be an additional group from the Southeast.

Till next time *Del Cushing*

FROM THE EDITOR'S DESK

My break from putting out Bunyan's Chips for the month of August was needed. But being that September seems to be going by just as fast as the other months have done, it's back to the grind stone for me. I'm planning to provide more new stories on wood issues, new issues and articles that will up date the membership as to what is going on in the world of woods.

Bill Snider was in charge of having members draw the winning tickets for the door prizes - a total of 56. I hope I have not overlooked anyone who assisted in the auction or door prize drawing, if I have, please accept my apology, as it is certainly just an oversight.

On behalf of myself, the IOWMC Officers and Board Members, THANK YOU ALL for your continuous support to our great organization.

All door prizes, except for the free membership dues, were mailed in Philadelphia, PA on Monday following our meeting on Friday. I have received thank yous from Irene Lewis, Wally Krocsko, Bill Morphet, Elmer Oehlke and Richard Wonson. In addition, Wally Krocsko and Bill Morphet even sent a check to cover the postage of their winning door prize. Winners of one year free dues will or have received their new 2001 membership cards from the Secretary.

THANK YOU ALL.

P.S. Robert Fritsch was very generous as he presented us with a fifty dollar (\$50.00) check, as an additional donation to IOWMC. Allen Nystrom sold an entire book of woods and he, too, donated that check of fifty dollars (\$50.00) to IOWMC; and he requested it be listed as a donation. THANK YOU, THANK YOU FROM ALL OF US.

Does anyone have a complete set of eight woods from Woonsocket, RI. Printing is in blue ink. One letter is on each wood that spells out the name. Have made attempts to contact Chamber in Woonsocket but no reply to date. Were these issued for a contest? I need the 'W' for my collection. Please send any information as to the issue, or if you have an extra "W" to: John Masters, 2321 W. 29th South, Wichita, KS. 67217

Again, I apologize to members who took the time to send material into the editor for Bunyan's Chips. I wish to include Jerry Remick for not printing the material he had sent to me for this months issue. I will insure that room is left on hand in the Sept. issues to cover the ANA meeting, and not plan to put as many ads in the month prior to it. As always, I thank each of you for your support and "trust" as your editor for Bunyan's Chips.

## WHERE THE BUFFALO ROAM

Actually, the word "buffalo" was in common use long before the American bison was studied scientifically. The word comes from the English buffe or buffelo. For over two centuries, the American bison has been miscalled "buffalo". William Frederick Cody's skill as a hunter provided more than enough meat to feed the crews on the Union Pacific

Railroad. "Buffalo Bill" never shot a single buffalo, the thousands of animals that he killed were bison. Everyone knows of "Buffalo Bill", and the legend would never have lived so long as "Bison Bill". The largest population of bison inhabited the Great Plains. In 1492 when Columbus landed, there were between 30 and 60 million bison on the earth. Some herds were so large that it was not uncommon for a train to sit idle for hours while bison ambled across the rails. Besides disrupting railroad schedules, steamboats had to drop anchor when bison crossed from one bank to the other on the rivers. It is easy to give these animals the "right of way". They live 25 to 40 years & breed their entire life. They can adapt to any climate on earth and live in every state. Weighing between 700 and 3000 pounds, measuring from 7 to 12 feet long (counting the tail), standing from 5 to 6 feet tall and being able to gallop at speeds up to 35 miles per hour gives them the right of way by most counts. By the late 1880's, there were less than one thousand free roaming bison on open range land. Conservation saved these beautiful & amazing animals from extinction. Today, there are more than 300,000 bison (buffalo) through the efforts of zoos, parks, wildlife refuges, farms and ranches. One such ranching effort is found in Edinboro, PA. Owned and operated by Dan Koman and his family for over the past seven years. The **Wooden Nickel Buffalo Ranch** has over 70 head of American bison which can be viewed from a shaded picnic pavilion across from where the bison roam and go about their business. Daily lunch specials include such items as bison burgers, bison hot dogs, roast bison sandwiches and bison chili. The gift shop offers many souvenirs of Indian culture, jewelry, bison tee shirts, hats, coffee cups, bison mounted heads ( full free standing bison ), packaged bison meat and wooden nickels. During my visit I purchased a tee shirt, two coffee cups and a few wooden nickels. For members on the internet you will find information about the ranch at [www.woodennickelbuffalo.com](http://www.woodennickelbuffalo.com) Order information for the great coffee cups will be found there. Members wishing to add the wood issue printed above for this story can write to: Dan Koman, 5970 Koman Road, Edinboro, PA. 16412 Send an SASE for the wood and ask him about the coffee cups with the same wood issue printed on them that are also for sale in the gift shop. Bison by the way is great tasting and falls into the gourmet or specialty meat category. Research has shown that bison is a highly nutrient dense food because of the proportion of protein, fat, minerals and fatty acids to its caloric value. Bison is lower in fat, calories and cholesterol than beef, pork or chicken. And you thought they just looked good on the back of the woods in your collection!

By Robbin Quinn

During the fall months and early spring I will try and put in stories about woods that have been issued in the past and where they are now. Next issue will host an article on the Millersburg Antique Festival

PERSONALIZED CHRISTMAS AND HANUKKAH WOODS

Details on personalized 2000 Christmas and Hanukkah woods, supplied to me recently from 5 wood printers, are given as outlined below. Please contact any of the wood printers you wish, at once, in order to obtain their brochure showing designs, colors, shapes, sizes and prices. Place your order as soon as you can to avoid lost time between the printing and mailing of your order to you. Your personal reverse for your issue can include your municipality, 2000 and a short greeting or wooden nickel. In addition, one of the wood printer's Christmas verses can be included on the reverse side of flat woods. Round woods mailed to friends at Christmas time should be protected by thick pieces of cardboard or a piece from a "bubble" envelope or they may become broken by the machines that speed sort the mail. Flats need little protection as they rarely become damaged in the mail. Submitted by: Jerry Remick R-1476 (Canada)

### PRESIDENT'S SAY

We are approaching that time of year when dues will once again be collected. A reminder that after March 1, 2001 if you have not paid your dues you are declared as delinquent and Bunyan's Chips will not be sent to you. It is unfortunate that these steps must be taken, but with the the high cost of printing & postage the IOWMC cannot afford to send the newsletter with out payment. A year ago in Chicago it was necessary to raise dues to \$7.50 per year. Because of contributions from such things as the club auction, paid ads and membership generosity it is not necessary to raise dues this year. They shall remain at \$7.50 for 2001 and hopefully for some years to come. The Secretary would appreciate the early payment for the 2001 dues so that it will not impact with the coming holidays. I am going to reiterate the message from last month in which I asked the membership to either volunteer to run for an office or try to find good people who would run for election to one of the positions open, Make sure they are willing to run. All nominations should be sent to Virginia Dennis who is our Nominations Chairperson. Her mailing address is: 1852 Golden Shadow Dr., Henderson, NV 89015-8620. Hope everyone is enjoying the Indian Summer that we are here in the Northwest but hear where some areas are already getting snow. Brrrrrr. Don't want to think of winter just yet. Till next time *Del Cushing*

### A WORD FROM THE EDITOR'S DESK

In last months news letter it was noted that a committee had been formed to make corrections to the 8th Edition Buying Guide and put together an up date on official woods issued to 2000. This is a major undertaking and will require the help of every collector in our organization. Being a wooden money collector means that we accept the duty of collecting, cataloging, safeguarding and educating. During the winter months would be a great

time to start on this project. Please send your information to one of the members in the committee. It is not that often that you have a chance to make something better for yourself and others. Knowing you were involved is better than wishing you had been. *Rob Quinn-Editor*

### BUREAU OF LOST WOODS #2

Well, I see my buddy from Brentwood finally found his way home thanks to the efforts of Jan Henke of Fairfield, CA. It turns out I was from Northern California. Now I hope someone like Jan will come forward and help me find my way home. Apparently I am from Alpenrose, but I don't know if that is a city, a suburb of a large city or maybe just a developement as it is not listed in the Post Office Zip Code Directory. It seems that I was issued for the Frontier Days Dairyville Wagon Ride, but someone forgot to put the "F" in frontier. I have an Indian reverse and I'm purple in color. If someone has any information on where I'm from, please write to: Bob Brown, P. O. Box 124, Highspire, PA 17034 and let him know. I would like to join my own kind in a collection instead of being cooped up here with all of these lost woods. Submitted by: Bob Brown

### PRINCE GEORGE ISSUES 3" WOODEN TOKEN

By Jerry Remick

Back in June, the Prince George Chamber of Commerce of Prince George, British Columbia, Canada issued a 2000 \$3.00 municipal trade token. The token is three inches in diameter, 1/4" thick and printed on white spruce. For many years, this has been the largest wooden trade token issued in Canada. Locally, the wood sells at \$3.00. Most woods are not redeemed for merchandise, but are kept as souvenirs by tourists and collectors. This year's issue is printed in blue ink on the obverse side and commemorates the Scott Tournament of Hearts. This event was held in Prince George during the past winter. The reverse is printed in black ink and shows a map of British Columbia and indicates where Prince George is situated. The wooden spruce man in the upper right area is the mascot of Prince George and is called "Mr. P.G.". This is the 152nd issue of large spruce municipal tokens. Their first issue was printed in 1958. The 2000 \$3.00 wooden token is available postpaid for \$5.45 for the Canadian residents and \$3.87 for U.S. Send your order to: Prince George Chamber of Commerce ATTN: Louise Lissoway, 770 Brunswick St., Prince George, B.C., Canada V2L 2C2. A few recent issues are still on hand for sale as well. Five hundred woods were printed for this year.

## PRESIDENT'S SAY

From mail I have received I find it necessary to clarify the fact that the club operates on the calendar year basis financially. This means that we run from 1 January to the 31st of December each year (Article IV, Section 2). Therefore technically if dues are not paid by 1 January, you are in arrears. There is a grace period to pay dues till the 1st of March, after which time a member not paid up is subject to suspension and will not receive benefits of the organization. As a cost saving measure the club does not send out individual notices to the members. The board feels that an announcement in Bunyan's Chips should be heeded. The request to pay your dues early is motivated both by the club constitution and the fact that this always falls during the holiday season. Halloween is a year away but Chanukah, Thanksgiving, Christmas and New Years is just around the corner. This is a busy time of the year for most families and Mary & I are not the exception. If this request to pay early has offended some people I do apologize and hope that this message will give you a better understanding of why I did it.

Once again it is necessary to reiterate statements which I wrote about in previous President's Say. If you wish to purchase wooden nickels for one reason or another, beware of who you are dealing with. If you have not heard of the company that is soliciting your business, than do some checking before sending any money. In the October news letter was a list of reputable companies to do business with. My suggestion is to do your ordering wisely and look out for fly by night operators. Having written that, it is time to wish each and every member the best that the holidays has to offer.

Till next time. *Del Cushing*

## QUEEN of WOODEN MONEY PASSES AWAY

Eleanor "Rusty" Bailey passed away on August 29th 2000, she was 76 years old. Back in October of 1974, during the 10th Anniversary convention held in Columbus, Ohio, Mrs. Bailey was awarded the title as "Queen of Wooden Money". Her exhibits amounting to some 78 frames contained the only known complete set of first issues of such money from all 50 states and Canada. In addition to these issues she had pieces from Mexico, China, Austria and Germany. Eight of her display cases housed wood issues from the state of Pennsylvania up to 1974. Her collection amounted to more than 20,000.

Rusty was very active in the Pioneer Wooden Money Society and held offices in the IOWMC as well. Anyone wishing to send condolences to Warren, they can write to him at 165 Old Quaker Road, Etters, PA 17319 Submitted by Bob Brown

## Mailing In Your Club Dues

Payments for dues are being received by Ted Wolverton, Virginia Dennis and the editor to date. Dues payments must be mailed to **Mary Cushing, P O Box 88984, Seattle, WA 98138-2984**

Delays and an extra cost of postage are involved when you mail your payment to the wrong person.

**PLEASE** mail your membership payment to the club secretary to avoid the long delay in receiving your membership card and spending postage not required by fellow members to correct these errors!

Dues are \$7.50 annual, \$4.00 after July 1st. Life membership \$150.00 Payable in Quarterly, semiannual or one time payment. Junior and associate membership is \$4.00

FROM THE EDITOR'S DESK

Some may notice the article missing in this months news letter on the Millersburg wood issues as outlined in last months Chips. I had planned to write up a nice story about the history of these issues, but my lead to obtain the missing

information has yet to follow through. In the future I will place these articles in Chips with no prior notice. This way when I don't follow through with it I don't end up looking like a turkey! I hope you all had a nice holiday and had many days of leftovers to remind you!

Until next month. *Rob Quinn*

HISTORY OF THE GROUNDHOG

Borrowing from an ancient European Legend, "For as the sun shines on Candlemas Day, So far will the snow swirl til may," the seed for the now world famous Feb. 2nd celebration was planned in 1886 when Groundhog day was first recognized in Punxsutawney, PA. In the autumn of 1899 a half dozen Punx'y citizens, the nucleus of the "Groundhog Club," first gathered on a nearby mountain and ate groundhog. In succeeding years, thousands flocked to the "Home of the Groundhog" to participate in this celebrated end-of-summer feast. The accompanying publicity propelled the Groundhog Club to national prominence. The Feb. 2nd treks to Gobbler's Knob were born in 1906. The rest is history. Punx'y Phil saw the country through five wars, journeyed to the moon, visited the White House and starred in his own major motion picture. Yet, despite his accomplishments, the century old Groundhog continues to delight millions with his mystique and charm and shadowcasting magic each Feb. 2nd in Punxsutawney, PA. The above wooden nickel is free to club members of IOWMC for an SASE. Send your request to Michael J. Johnston C/O Johnston Furniture, N. Findley Street, Punxsutawney, PA 15767 The wood is printed in black ink on both sides and has no value, but it can see it's own shadow from time to time.

<http://www.amuseum.org/jahf>

The Jewish-American Hall of Fame, established in 1969, issues what is now the longest running series of non-governmental medals. The fabulous Harry Flower Collection containing medals and coins commemorating Albert Einstein, issued by over two dozen countries, can be viewed exclusively at this site. A virtual tour begins with the Jews who helped Columbus, continues with the First Jewish Settlers and culminates with famous contemporaries such as Leonard Bernstein and Barbra Streisand. Visitors will also find fascinating nooks and crannies, where they can learn about the artists and techniques used to design medals, can nominate future Hall of Fame honorees, etc.

A DAIRY QUEEN UPDATE

BY Bob Brown

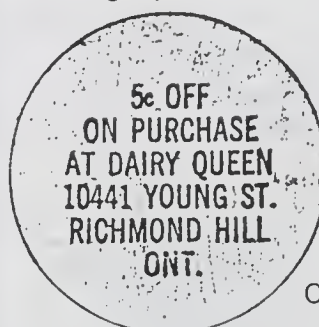

I received the following three Dairy Queen woods during the year that are not listed in my book "A PICTURE BOOK OF THE DAIRY QUEEN WOODEN TOKENS". The first Hadley Road wood was sent in by Russ Daisley and the second one by the owners of the Hadley Road Dairy Queen in Greenville, PA. Both of these woods have the type 5 reverse. The Richmond Hill Dairy Queen was sent in by Norm Boughton and has the same obverse as the one shown in my book but has a different reverse. All three of these woods are red in color. If anyone has any Dairy Queen woods not listed in my book please send me a good Xerox copy of both sides and be sure to list the color, or if you are willing to part with the wood, please let me know. I will gladly purchase any Dairy Queen woods that I do not have providing the price is reasonable, or I will trade for them. I have duplicates to offer. You can contact me at P. O. Box 124, Highspire, PA 17034 or call (717) 944-9586

JERRY REMICK ISSUES TWO DIFFERENT 2000 CHRISTMAS WOOD FLATS

To commemorate the 2000th anniversary of the birth of Jesus Christ on Dec. 25, 2000, Jerry Remick has issued two differently designed wood flats. For each of the two issues of wood flats, there are two different color varieties available to collectors. One type of flat, printed by Norm Belsten on maple flats, shows Mary with the baby Jesus in her lap. Fifty flats show Mary and Jesus in red with a green border. Another fifty flats were printed in blue with a red border. The text on the reverse side is in French, with 50 woods having a green border and 50 with a red border. For at least the past five years, Jerry's Christmas flats have been the only Christmas wooden nickel with a reverse side in French.

The second type, printed on black cherry by Canada Wide Woods from a new picture die, shows Jesus in A manger with the star of Bethlehem above. Jerry's name and address is on the reverse side with 50 in red and 50 in green. The hot stamped process, with its bright foil colors was used to make all the wood flats. The set of 4 wood flats are available at \$2.00 postpaid from Jerry Remick, P. O. Box 9183, Ste. Foy, Quebec, Canada, G1V 4B1. Similar sets of 4 wood flats are available at \$2.00 postpaid for 1997, 1998 and 1999. Each year's 2 obverse designs being different.
